 Innovative and
 enhanced lighting
 options available
 on your trailer.

T.A.L.K.®

TOTAL AREA LIGHTING KIT

T.A.L.K. ARMS – Our self-illuminated safety T.A.L.K. Arms swing out creating an illuminated safe work zone with red lights on each side and white light on bottom.

T.A.L.K. INTERLOCK BAR – The light bar above the API area totally illuminates the work area creating a safe and efficient unloading zone for making hose connections.

T.A.L.K. LIGHTED HOSE GUARD – Protect the side of your barrel and add additional lighting to the work area.

T.A.L.K. LIGHTED LADDER – The lighting built into the ladder allows your drivers enhanced lighting and safety when using the ladder as well as enhanced lighting in that area for improved safety.

T.A.L.K. LIGHTED REAR HEAD – We also offer the added feature of lighting around the rear head to further improve lighting conditions behind the trailer for enhanced visibility and safety at night.

As a manufacturer, MAC LTT recognizes the complexity of today's ever changing market and the necessity to make you more competitive with advanced design trailers that will reduce weights, optimize payloads, maximize performance and enhance ergonomics to increase your overall profitability.

For MAC LTT, **new technology** is *not something you purchase*, but rather have the **vision and ability to create.**
